# 2012-2013 Report Card for Kinsner Elementary School

## School Grade

**Coming in 2015**

### Achievement

This grade combines two results for students who took the state tests. The first result answers the question - How many students passed the state test? The second result answers the question - How well did students do on the state test?

- **Performance Index**: 81.3%  
  *B*
- **Indicators Met**: 77.8%  
  *C*

### Gap Closing

This grade shows how well all students are doing in your district in reading, math, and graduation. It answers the question - Is every student succeeding, regardless of income, race, culture or disability?

- **Annual Measurable Objectives**: 62.5%  
  *D*

### K-3 Literacy

This grade answers the question - Are more students learning to read in kindergarten through third grade? The 2014 report card will report some results. The 2015 report card will display one grade for kindergarten through grade 3.

### Progress

This is your district's average progress for its students in math and reading, grades 4-8. It looks at how much each student learns in a year. Did the students get a year's worth of growth? Did they get more? Did they get less?

- **Value Added**
  - Overall:  
    *F*
  - Gifted:  
    *F*
  - Students with Disabilities:  
    *D*

### Graduation Rate

This grade answers the question - How many ninth graders graduate in four years or five years?

- **Graduation Rates**
  -  
    *NR*
  -  
    *NR*

This school is not evaluated for graduation rate because there are not enough students in the graduating class.

### Prepared for Success

This grade answers the question - Are students who graduate from our district ready for college or a career? There are six ways to show that graduates are prepared. In the 2014 school year, the report card will show results for the six areas. The 2015 report card will display one grade combining the results of all six ways of showing graduates are prepared.
**Achievement**

This grade combines two results for students who took the state tests. The first result answers the question – How many students passed the state test? The second result answers the question – How well did students do on the state test?

**Performance Index**

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district's index. This rewards schools and districts for improving performance.

Indicators Met

Indicators Met measures how many students have passed the state tests at a minimum level, called proficient, or higher. Test results are reported for each student in a grade and subject. At least 75 percent of students must pass to get credit for the indicator. Starting in the 2013-14 school year, a district or school needs to have 80 percent of their students pass at a minimum level or higher in order to “meet” an indicator.

Gifted Students

The Gifted Students data and Indicator highlight the opportunities for and performance of gifted students. The dashboard answers several questions: How many students are identified as gifted and in what categories? How many of those students are receiving gifted services? How well are those gifted students performing? The Gifted Indicator measures whether opportunity and performance expectations are being met for gifted students.

Achievement

This chart illustrates the test achievement levels by students identified as gifted in that test's subject. For example, how well do students identified as gifted in Reading do on the Reading achievement tests?

Value Added

Value Added measures the progress for all students identified as gifted in reading, math, and/or superior cognitive ability.

This table shows the Progress scores by test grade and subject.

Although Progress scores are not assigned letter grades at this level of detail, the grading scale applied at the Overall (All Students, All Tests) level is:

- **A** = 2.0 and up
- **B** = 1.0 to 1.9
- **C** = -1.0 to 0.9
- **D** = -2.0 to -1.1
- **F** = below -2.0
Progress vs. Performance Index

This bubble chart shows the relationship between each subgroup's performance index results (horizontal axis) to the Value-Added letter grade (vertical axis). The size of the bubble represents the size of the student subgroup.
Gap Closing

This grade shows how well all students are doing in your district in reading, math, and graduation. It answers the question – Is every student succeeding, regardless of income, race, culture or disability?

Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of all students to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation - and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

The red line on each graph identifies the Annual Measurable Objective. The 2013 AMO for Reading is 83.4%, for Math is 78.5%, and for Graduation Rate is 75.9%.

Subgroups with fewer than 30 students are not rated and do not appear on the graphs.

This school has no Annual Measurable Objectives for Graduation Rate because there were not enough students to evaluate.
Graduation Rate

This grade represents the percentage of students whom entered the 9th grade and graduated 4 and 5 years later.

This school has not been assigned a grade for Graduation Rate because there were not enough students to evaluate.
The Graduation Rate graph that would appear in this space cannot be displayed because there were not enough students to evaluate.
